

## 4. HOMEWORK CORRECTION (BEGINNER)

**TYPE OF ACTIVITY:** Model Student Broadcast

**STANDARDS:** 1.1 Conversing, 4.1 Inter-linguistic Comparisons, 5.1 Language Communities

**OBJECTIVES:** To vary homework correction routine

# IN THE LAB

## ALL CALL

Teacher reads questions used in homework assignments to the entire class.

Students type, using the **TEXT EDITOR (Student SOLOIST)**, their answer.

## MODEL SCREEN/VOICE

As students volunteer to answer questions the teacher will select the button representing the student and then the **MODEL** button allowing the entire class the ability to hear and see the student's answer. Repeat with a different student for each question.

The teacher and other students will determine if the answer is correct or not.

## COLLECT WORK

At the end of the class the teacher will collect students' text answers for grading using the **COLLECT RECORDING/WORK (SOLOIST Remote Control)** feature.
